Mudder

EVERGREEN
MINING SOLUTIONS

Product Description

Mudder is a heavy-duty concrete cleaner designed to effectively remove concrete buildup by permanently softening cement, creating a mud-like consistency. This powerful formulation is particularly effective in areas of the truck and equipment which are difficult to reach with a brush, making it a preferred choice for Drivers and Mechanics.

Mudder is suitable for use on: Front and Rear Discharge Trucks, Pneumatic Trailers, Concrete Pumps Trucks, Concrete Pavers and Curbing Machines, Yellow Iron, and Wet Batch Drums. It is safe for all surfaces, including but not limited to: Paint, Steel, Polished Aluminum, Glass, Fiberglass, Copper Wires, Rubbers and Plastics.

Product Composition

- **This Non-Hazardous, Biodegradable, Environmentally Friendly Formulation contains water, non-phosphate cleaning boosters, and concrete dissolving components.**

Key Features & Benefits

- **Heavy-Duty Cleaning:** Effectively softens and removes concrete buildup.

- **Minimal Scrubbing Required:** While scrubbing with a brush can help remove buildup, it is not necessary.

- **Deep Reach:** Cleans hard-to-reach areas of trucks, benefiting drivers and mechanics.

- **Versatile Usage:** Ideal for Front and Rear Discharge Mixer Trucks, Pneumatic Trailers, Concrete Pump Trucks, Concrete Paving and Curbing Machines, Yellow Iron, and Wet Batch Drums.

- **Safe for Extended Use:** Can be left on surfaces overnight or over the weekend for maximum cleaning performance.

- **Surface Compatibility:** Safe for use on all surfaces, including but not limited to: Paint, Steel, Polished Aluminum, Glass, Fiberglass, Copper Wires, Rubbers and Plastic

Application Instructions

1. **Application:** Apply Mudder evenly to the concrete-covered surface.

2. **Dwell Time:** Allow the product to dwell on the surface for the desired period. For routine cleaning, shorter times may suffice; for heavy buildup, longer dwell times, including overnight or over the weekend, may be necessary.

3. **Removal:** Rinse off the softened concrete with water. Scrubbing with a brush can be used to assist in removing stubborn buildup, but it is not required.

4. **Safety Precautions:** Always wear appropriate personal protective equipment (PPE) such as gloves and eye protection when handling the product. Ensure adequate ventilation during use.

Physical Properties

- **Appearance:** Clear liquid
- **pH:** 1.5 - 2.5
- **Specific Gravity:** 1.04 - 1.15
- **Solubility:** Completely soluble in water
- **Flash Point:** Non-flammable

Safety & Handling

- **Storage:** Store in a cool, dry place away from direct sunlight and incompatible materials.

- **PPE:** Use protective gloves and eye protection during application.

- **First Aid:** In case of contact with skin or eyes, rinse immediately with plenty of water and seek medical advice if irritation persists.

Environmental and Regulatory Information

- Non-hazardous
- Complies with all relevant environmental regulations.
- Biodegradable
- Environmentally

First Aid Measures

- **In case of skin contact:** Rinse immediately with plenty of water. Remove contaminated clothing and wash before reuse.

- **In case of eye contact:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing and seek medical attention if irritation persists.

- **If ingested:** Do not induce vomiting. Rinse mouth with water and seek medical attention immediately.

Packaging

Available in 5-gallon pails, 55-gallon drums, and 330-gallon totes
